

BE-DA LOGISTICS

Your modern
logistics partner

LOGISTICS
be-da

Loyal partner who moves you since 2011

BE-DA Logistics was established in 2011 in Skopje, Macedonia. These 10 years of presence on the market in Europe and the Balkans, we've managed to gain the trust and collaborate with more than 1.000 companies in 37 countries.

In 2016, we opened our office in Durrës, Albania, answering the call for the need of our services. Our mission is to always be closer to our clients and in 2021 we opened our third office in Prishtina, Kosovo.

Our experience is filled with a diversity of transport (fresh food with short periods of usage, medical drugs and supplements, ADR). Our main goal is to provide the right logistics solutions and to always offer a fair and favorable price. With opening new offices and expanding our BE-DA Logistics family, we satisfy the capacity of tracking the movement of our clients and loyal carriers.

ROAD TRANSPORT

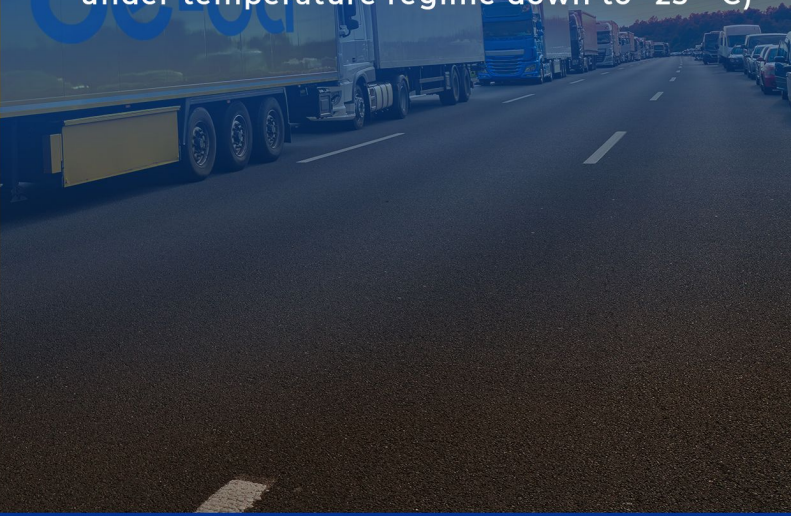

Road transport is the most common type of transport and thanks to him we are covering all Europe and the Balkans. We provide transport for your goods and products by providing full truck service and group transport (FTL-LTL).

● Oversized and special transport

● Collaboration with over 300 transport companies

● Transport organised with our own fleet, consisted of 10 trucks (all refrigerators - under temperature regime down to -25 ° C)

BE-DA Logistics organises sea and overseas transport for your products. This type of transport is also popular and known as container transport where you can choose between full container loading (FCL) and group container loading (LCL).

- Regular tracking and monitoring on the status and the location of transport
- Transport with 20-foot and 40-foot container
- Picking up the container FROM the port and organising transport TO the desired location
- Grouped container transport

SEA TRANSPORT

RAIL TRANSPORT

Rail transport has its own specifics and way of functioning. But, what sets it apart from other kinds of transports is the inexpensive transportation and ability to transport large quantities of goods faster than others. BE-DA Logistics provides the following services and kind of loading goods by rail.

Picking up the load and resuming delivery by ●
truck/road transport

Finding the right logistics solution and ●
enabling temporary storage

Optimization for most appropriate loading ●
and organisation for the use of wagons

We aim to always provide smart logistics solutions and this also covers air transport. In this kind of transport, we take care of all the services needed for flawless air transport. BE-DA Logistics collaborates with companies that cooperate with our country and regional airports.

- Organising and taking over the shipment from your location and transferring it to the airport
- Picking up the shipment from the airport and delivering it to the receiving destination
- Insurance of your goods/product during the transportation
